

A blank coordinate grid with x and y axes ranging from 1 to 8. The x-axis is labeled with integers 1 through 8. The y-axis is labeled with 6.4, 6.7, and 7.0. The grid consists of a solid horizontal line at y=7.0 and a solid vertical line at x=8. Dotted lines form a grid for x=1 to 7 and y=6.4 to 6.7.

A blank coordinate grid with x and y axes ranging from 1 to 8. The x-axis is labeled 1 through 8, and the y-axis is labeled 6.4, 6.7, 7.0. The grid consists of a solid line for the x-axis and a dashed line for the y-axis, with major grid lines every 0.3 units and minor grid lines every 0.1 units.

A blank graph grid with a vertical axis labeled 6.4, 6.7, 7.0 and a horizontal axis labeled 1 through 8.

A blank graph grid for plotting. The vertical axis (y-axis) has labels at 6.4, 6.7, and 7.0. The horizontal axis (x-axis) has 10 tick marks but no numerical labels. The grid consists of 10 columns and 10 rows of squares.

A blank graph grid for plotting data. The vertical axis (y-axis) has labels at 6.4, 6.7, and 7.0. The horizontal axis (x-axis) has 10 tick marks without numerical labels. The grid consists of 10 columns and 3 rows of squares.
